## *Best* packable hat

The wire in the rim means you can pack this cotton sunhat (£30, Newurban; 020 7100 9637; [www.newurban.co.uk](http://www.newurban.co.uk)) flat in your case, then bend it back into shape when you get to sunnier climes... Clever!

A woman is sitting on a boat deck, surrounded by fishing nets and ropes. She is wearing a white ensemble consisting of a long-sleeved blouse with exaggerated sleeves and white trousers. Her accessories include a white hat, a necklace with a heart pendant, a camera, and sandals. The background shows the white hull of the boat and the rigging of the mast.

Quirky details such as exaggerated sleeves add interest to a simple outfit. Give yourself an instant style update with on-trend accessories
